

## Softshell jacket TRANSFORMER with detachable sleeves (Hi-Vis yellow/black)

### Softshell Jacket Hi-Vis TRANSFORMER

The lightweight softshell jacket-vest TRANSFORMER with HI-VIS elements is a great choice for autumn and spring seasons. The jacket-vest is made of stretchable, water-resistant, windproof fabric that does not restrict movement. The inner soft fleece provides extra warmth.

#### Features:

- High visibility class EN ISO 20471 Class 2.
- Waterproof and windproof work jacket.
- Highly visible fabric with reflective stripes.
- Designed for men but also suitable for women.
- Proper layering makes this jacket suitable for autumn, early spring, or working in unheated rooms during winter.

#### Details:

- **Hood:** Spacious, adjustable, detachable with snap buttons.
- **Sleeves:** Detachable with zippers, allowing conversion into a work vest.
- **Pockets:** Zippered pockets. Two pockets at the waist, one chest pocket.
- **Cuffs:** Adjustable with hook-and-loop fasteners.
- **Closure:** Zipper closure with pull tabs on external zippers.
- **Back:** Extended lower back for additional coverage.
- **Other:** Inner drawstring adjustment at the bottom of the jacket.

#### Suitable for:

Outdoor work, construction sites, road work, and active outdoor tasks requiring high visibility.
