

Work Jacket FUSION with Stretch Details anthracite/black

FUSION Work Jacket with Stretch Details

The jacket is made from recycled polyester/cotton fabric, combining stretch polyamide/elastane in areas that require extra flexibility, allowing for unrestricted movement.

Features:

- The design and fabric selection are optimized for carrying all necessary tools while ensuring freedom of movement.
- Excellent air circulation.

Details:

- **Pockets:** Two chest patch pockets. Two zippered waist pockets with pull tabs on the zippers.
- **Fastening:** The jacket is fastened with a zipper, covered by an additional flap that secures with snaps for added convenience.
- **Sleeves and sides:** Made from stretch fabric, ensuring ease of movement.
- **Cuffs:** Adjustable cuffs with elastic inserts and snap closures.
- **Bottom hem:** Adjustable with snaps.

Suitable for:

Outdoor and indoor work, construction sites where high visibility is not required.

Standard:

Meets the EN ISO 13688 standard for protective clothing, ensuring high quality, ergonomics, safety, and performance in the workplace.
