

Casual and work trousers CARGO black

CARGO - men's casual and work trousers.

FABRIC: The trousers are made from "4-Way Stretch" fabric, designed for movement. This fabric is stretchy, allowing unrestricted movement, and is often more durable and resistant to wear than traditional woven materials, making it ideal for active use. It wicks moisture easily and retains its color.

Details:

- The waistband is adjustable, with elastic sewn inside.
- Deep inset pockets on both sides (hip area).
- Zippered pockets on the thighs.
- Ventilation openings with zippers along the side seams.
- Two deep back pockets.
- Reflective 4mm piping at the back, near the knees.
- Adjustable hem, with an option to lengthen the trousers by 4 cm by removing the seam.

Suitable for:

Outdoor or indoor leisure activities, and work environments where high visibility is not required.
