

Work Jacket VALENCIA with segmental reflective strip Class 2 (HI-VIS Orange/Black)

VALENCIA-C2 lightweight softshell jacket with HI-VIS details is an excellent choice for autumn or spring seasons.

Features:

- High-visibility rating: **EN ISO 20471 Class 2**.
- Waterproof and windproof work jacket.
- Bright yellow for high visibility and reflective safety bands.
- Designed for men but suitable for women.
- When properly layered, this jacket is suitable for autumn, early spring, or working in unheated indoor spaces during winter.

Details:

- **Hood:** Spacious, adjustable hood that can be detached with a zipper.
- **Pockets:** Zippered pockets. Two pockets at the waist, one chest pocket, and one inner pocket.
- **Cuffs:** Adjustable cuffs with hook-and-loop fasteners.
- **Closure:** The jacket is zippered. The outer zippers have pull tabs.
- **Back:** Extended lower back for added protection.
- **Other:** The bottom hem of the jacket is adjustable with internal drawcords.

Suitable for Use:

- Outdoor work, construction sites, roadwork, and active outdoor activities where high visibility is required.
