

Work Trousers MASHUP PLUS High-Visibility yellow/black

BoSafety MASHUPPLUS-RC High-Visibility Work Pants with Detachable Pockets - Durable and Flexible!

Fabrics: These pants are unique due to their combination of three different fabrics. The main fabric consists of recycled polyester and cotton. Areas requiring stretch and abrasion resistance are made from “4-Way Stretch Graphene” fabric. The knee sections are reinforced with CORDURA® fabric.

Details:

- Elastic band on the sides of the waistband, allowing it to extend up to 6 cm.
- Two **detachable** tool pockets at the front of the waistband, reinforced with CORDURA® fabric.
- Deep inset pockets on both sides (hip area).
- Tool pocket on the right calf, zippered pocket on the left.
- Kneepad sections made from CORDURA® fabric.
- Special pocket for kneepads, with a two-level bottom to adjust for height.
- Adjustable pant hems (extendable by up to 4 cm by removing the seam).
- Two deep back pockets.
- Two reflective stripes on the lower leg areas.
- The pants meet EN ISO 20471 Class 1 standards.
- HI-VIS fabric is strategically placed to enhance visibility while keeping you cleaner for longer.

Suitable for:

- Indoor and outdoor work where high visibility is required.
