

PRODUCT DETAILS:

Product code:

BP-COMBO

Fabric:

97% Cotton/ 3% Spandex 280g/m2

Technologies:

4-way stretch GRAPHENE

CORDURA®

FABRIC PROPERTIES:

- Stretchy cotton fabric – feels like cotton, but is as elastic as synthetic fabric.
- Highly breathable and air permeable – for comfort throughout the working day.
- Soft and gentle on the skin, yet strong and resistant to wear and tear.
- Cordura reinforcements in strategic areas for greater tear and abrasion resistance.
- Mixed fabric pocket lining – durable and pleasant to the skin.

DETAILS:

- Ergonomic cutting – does not restrict movement when working in various positions.
- Designed for active work and long-term wear.
- Gaiters: Specially shaped pockets for gaiters are sewn into the knee area and reinforced on the outside with Cordura® fabric patches at two heights.
- Reinforced areas extend service life.

IDEAL FOR:

- Ideal for active work when you need reliable clothing and comfort all day long.
